

**FOR IMMEDIATE RELEASE**

March 8, 2010

**Fote Elected Vice President of RLF**

**Winter Park, Fla.** – RLF, a nationally recognized architecture, engineering and interior design firm located in Winter Park, Florida, recently appointed Scott Fote, PE, LEED AP, to Vice President. Fote was recognized by the Board for his years of service and essential role as the firm's Director of Mechanical Engineering.

For more than 15 years, Fote has served as Mechanical Engineer on RLF projects. He has extensive knowledge of mechanical system design for both private and public sector clients with detailed knowledge of complex healthcare mechanical systems. Notable projects include the award-winning MD Anderson Cancer Center Orlando, the Orlando Health Central Energy Plant, and the Department of Veterans Affairs new VA Medical Center.

Fote is a LEED Accredited Professional, a member of the Florida Engineering Society, the National Society of Professional Engineers, and the American Society of Heating, Refrigerating and Air-Conditioning Engineers. A University of Florida graduate, he earned his Bachelor of Science in mechanical engineering in 1994.

***RLF** – Founded in 1935, RLF is an architectural, engineering and interior design firm located in Winter Park, Fla. With a staff of 126 design professionals, RLF provides client-focused services on major projects in the healthcare, religious, education and government markets.
